

Pool Guidelines

Welcome!

We hope you are excited for your stay at Hotel Eleganté and are planning to enjoy our Pools. Hotel Eleganté has a reservation system in place to help follow the Public Health Order set forth by the *Colorado Department of Health and Environment* (PHO 20-28) during Social Distancing. Guests should coordinate with our Pool Attendant (visibly in red polo shirts), to set their reservation for their requested swim time. We encourage our Guests to meet their reservation time punctually, to ensure they are able to take full advantage of their allotted 30 minute swim time.

Please be advised: Maximum 1-hour per pool, per day is allowed to be scheduled at each pool.

Guidelines Hotel Eleganté must abide by:

- **Sanitation** – Every 30 minutes, there will be a 15 minute Sanitation procedure conducted by our Pool Attendant.
- **50% Capacity limit** – Only 10 people are allowed in the indoor pool at one time (+3 in hot tub)
Only 20 people are allowed at the outdoor pool at one time (+4 in hot tub)
- **Weather** – In the case we are blessed with beautiful, unpredictable Colorado weather, and are forced to close our outdoor pool, our Guests will be required to reschedule their reservation.

In the event you miss your scheduled swim time, we must request you set new reservations to accommodate a fair environment for all Hotel Guests.

Just running a little late? That's ok! You can still swim for the remainder of your scheduled time.

We at Hotel Eleganté sincerely appreciate your cooperation in helping us follow the new guidelines!

Thank you,
Management
